Re: Fleischmann's Vinegar Co., Inc.
DEC#8-5438-00001/00001 SPDES#: NY0002585

Dear Dr. Norton:

Enclosed is a final renewed State Pollutant Discharge Elimination System (SPDES) permit for the above referenced facility. No comments were received on this modification and renewal.

At the request of Mr. Edward Murphy, P.E., Golder Associates Inc., on behalf of the permittee, a minor change has been made on page 3 of the permit. The daily maximum effluent limit for UOD at 38 lbs/day has been changed to a daily maximum effluent limit for UOD at 42 mg/l, as stated in the fact sheet. Additionally, the fact sheet on page 5 has been updated to reflect that raw apples are no longer used at the facility and the effluent limitations guidelines do not apply. The facility is still required to report annual amounts of TSS and BOD.

The Uniform Procedures Regulations (6 NYCRR Part 621) provide that an applicant may request a public hearing if a permit contains conditions which are unacceptable to them. Any such request must be made in writing within 30 calendar days of the date of permit issuance and must be addressed to the Regional Permit Administrator at the letterhead address. A copy should also be sent to the Chief Administrative Law Judge at NYSDEC, 625 Broadway, 1st Floor, Albany, NY 12233-1550.

Should you have questions on the administration of this modification and renewal, please feel free to contact me at the address or phone number listed above. Should you have technical questions on permit content, please contact the permit engineer, Percival Miller, at (518) 402-8120, or the Regional Water Engineer, Dixon Rollins, at (585) 226-5468.

Sincerely,

Teresa Diehsner
